M'KINLEY'S ULTIMATUM

Tells Foreign Powers the War Will Not Cease

TILL CUBA AND PORTO RICO ARE FREE FROM SPAIN.

Washington, May 27—Special—The government has sent a note to the foreign powers announcing that the United States will not consider any peace propositions until Porto Rico has been taken and Cuba is actually in control of the United States.

The Program Settled.

Washington, May 27—Special—It was stated this morning that the destruction of the Havana fortifications will occur next week, when seventy-five thousand troops will be landed in Cuba. Simultaneously with this movement an expedition will proceed against Porto Rico. These plans were completed as the result of a positive statement from Commodore Schley that he had bottled up Cervera's fleet at Santiago.

Chase of a Privateer.

Key West, May 27—Special—The cruisers Bancroft and Wilmington encountered a Spanish privateer fifteen miles off Sand Key Light last night. The Wilmington chased the privateer, which managed to get away. It reappeared, however, and this time the Bancroft gave chase, sending a solid shot after the fleeing vessel. The shot was answered, but the Bancroft continued to pursue it, and the last seen of her she was overhauling the Spaniard.

Prizes of War.

Key West, May 27—Special—A prize court today ordered the steamer Panama sold. The same disposition will be made of her cargo. The Panama is the Spanish mail steamer captured by the little lighthouse tender Mangrove. The steamers Miguel, Jour and Catalina were ordered released. The steamers Pedro, Guido, and Buena Ventura were ordered sold, but the latter's cargo will be released.

Incendiaries at Key West.

Key West, May 27—Special—Three attempts were made last night and early this morning to tamper with the guns at Fort Taylor. The guard fired on several men who were trying to get into the reservation, but the men escaped in a carriage which was in waiting.

A Gauzy Report.

Key West, May 27—Special—It is reported here on the best authority that Cervera's fleet is no longer at Santiago, having left Saturday. The belief here is that Cervera is preparing to descend on the Atlantic coast. One of the American fleets is watching for such a move.

The Enemy Seen.

Key West, May 27—Special—Strange vessels are discernable fifteen miles southwest of here. Naval officials believe them to be the advance guard of the Spanish fleet. Fighting craft will be sent out at once to meet them.

Spies at Chickamauga.

Chickamauga Park, May 27—Special—Three spies are suspected as being in the camp of the One Hundred and Fifty-seventh Indiana, Third Wisconsin, and First Ohio regiments. Arrests are expected before night.

News From Schley.

Key West, May 27—Special—Ten soldiers arrived here this morning from Dry Tortugas said a telegram was received at Dry Tortugas from Washington yesterday announcing positively that Schley has the Spanish squadron blockaded in Santiago harbor.

The Baltimore Sunk.

London, May 27—Special—A Manila dispatch says the Baltimore was not only disabled by the explosion aboard, but that she was sunk, and is now lying in the mud at Mabulos.

ROCKTON IS BOOMING

Will Soon Have a Large Factory In Operation—Bicycle Races.

Beloit, Wis., May 27—[Special]—Our neighboring village, Rockton, is to have a new furniture factory. Chicago parties proposed to establish a shop to make upholstered goods provided the town would furnish them land and a building to cost $3,000, and the citizens of Rockton raised the money and will at once put up a building 50x100 feet in size for the new factory, which has been incorporated as the Rockton Furniture company. The company promises to employ a good force of hands from the start. They expect to become possessors of the building at the end of five years, provided they are entitled to it under the terms of their contract. The shop will be located on Main street, adjacent to the tracks of the Chicago, Milwaukee & St. Paul railway.

The first bicycle races of the season will be held at Cram's Bicycle park a week from tonight, June 3. Meets will be given every two or three weeks during the summer. Following is a list of events: One mile novice; one-third mile open; one mile race. Tandem vs. single wheel; one mile open; three mile handicap; two mile open.

EVENTS IN LOCAL SOCIETY

Pleasant May Party—Ladies' Reception by Mrs. A. P. Lovejoy.

The May party of the Women's Catholic Order of Foresters at Columbia hall last evening, was one of the most delightful gatherings of the season. Smith's orchestra furnished the music, and the committee on arrangements had made every preparation for the entertainment of the guests of the evening. The committee consisted of Misses Edith Dilzer, Catherine Clark and Josephine Rooney; Mesdames Jennie Smith and Sarah Clark. The reception committee was made up of Mesdames Nellie Schmidley, Rose Sugrue, Nellie Walker; Misses Margaret Buckley and Anna Feeley.

Mrs. A. P. Lovejoy entertained about forty of her lady friends yesterday afternoon at her home on South First street, in honor of Mrs. Waite, of Jersey City Heights, who is now her guest for a season. Games and social converse caused the hours to pass swiftly, and all present pronounced the function one of the pleasantest of the season. An elegant collation was served in the course of the afternoon.

SPANISH LABELS UNPOPULAR

Agitation Against Their Use On Cigar Boxes Here.

R. M. Rockwood, of this city, who was former foreman at Sutter Bros. local leaf tobacco warehouse, shows his patriotism these days by agitating, through eastern tobacco journals, the advisability of substituting English names for Spanish ones on any and all cigar boxes that are handled in this country.

Mr. Rockwood says he believes it to be a move in the right direction and at the right time. He believes that cigar manufacturers should be reminded of this fact by the United States government.

CAPTAIN KING A BRIGADIER

There is no doubt of the confirmation of all the nominations.

WEATHER FORECAST.

Chicago, May 27—[Special]—Forecast for Wisconsin:

WHAT THE COURT HOLDS

Supreme Tribunal on the Powers of Citizens to Vacate Public Streets.

A copy of the opinion of Chief Justice Cassoday in the suit of Baines vs the city, has been received, and the following is a brief synopsis of the holding of the court:

After stating the facts and reciting the statute provisions and the Janesville charter provisions, as to the procedure for the vacation of streets, it is first held:

That the incorporation into the city charter, by chapter 221 of the laws of 1882, of section 6 of sub-chapter 7 of that act, which requires the petition for the vacation of a street, to be signed by all abutting lot owners, and of section 40 of sub-chapter 12, which provides that no general law of the state shall be considered as amending or modifying the charter provisions unless expressly set forth in said law, operates, "upon well recognized rules of construction" to take the city of Janesville, "completely out from under the general statutes, so far as discontinuing or vacating any street or alley or any part thereof, is concerned."

That as the petition for vacation of streets in question, was not signed by all abutting lot owners, the proceeding is wholly void, unless the charter provisions referred to have since their enactment in 1882, been modified or superceded by subsequent legislative enactment.

The court then consider the effect of chapter 174 laws 1891 and chapter 118 laws 1895 and hold that chapter 174 of the laws of 1891 under which the city undertook to act, has no effect whatever upon the charter provisions of the city of Janesville, and that chapter 118 of the laws of 1895 does not operate to make chapter 174 laws of 1895 applicable or in any wise to repeal, amend or modify the provisions of the city charter for the vacation of streets.

The court concludes,

"It follows that the common council had no power to vacate the portions of the street in question and hence the injunction should have been granted. The order of the circuit court is reversed and the cause is remanded with direction to grant the injunction, and for further proceedings according to law."

The court sustains every proposition contended for by attorneys for Mr. Baines.

CERVERA IS IN A COFFIN

Can Never Escape From Santiago Harbor.

HIS SHIPS WILL NEVER TROUBLE AMERICAN NAVY.

Washington, May 27—Special—Admiral Cervera's squadron is practically eliminated from the pending conflict. His ships, the most formidable in the Spanish navy, are absolutely useless for offensive operations, for they are as securely sequestered as if they were locked in a submarine dungeon and the key dropped into a bottomless pit. Exit from Santiago is impossible. Any attempt at escape would involve certain destruction. That the prison may be made more secure, however; Commodore Schley has made arrangements to close the mouth of the harbor against the passage of all vessels save those of the lightest draft. Within a few days barges filled with rock and scrap iron will be sunk in the 200-foot channel, thus establishing a blockade far more effective than any could be maintained by the most formidable fleet. This will leave Schley's squadron free to participate in the assault upon Porto Rico or Havana.

Madrid, May 27—Special—The Imparcial says Cervera's fleet remains at Santiago.

Anxious About Cervera.

Madrid, May 27—Special—A feeling of great uneasiness prevails in government circles for the safety of Cervera's fleet. The public is assured every day through bulletins that the ships are safe and in a position to successfully cope with Sampson's and Schley's squadrons, yet no details are given. It is said that the port of Santiago is impregnable to attack, but any intimation that the fleet is practically confined there is avoided. The only hope of Cervera's release is in the Cadiz squadron, which may succeed in driving off the American vessels long enough to permit Cervera to gain the open sea. This will be the first labor of Camara's fleet which is expected to sail within a day or two.

Sampson's Report.

Washington, May 27—Special—The navy department today made public Amiral Sampson's official report of the bombardment of San Juan. Sampson said his object at San Juan was to ascertain if Spain's fleet was there. Not finding it there he decided to attack the batteries defending the port to determine their strength, and after three hours' firing drew off. No serious damage was done the ships, he says, and only one men killed.

Not Conclusive.

Washington, May 27—Special—Secretary Long said this morning that the evidence that Schley had Cervera's fleet bottled up is not absolutely conclusive.

Gen. Miles is urging that the Porto Rico invasion proceed immediately.

Spain's Other Fleet.

Gibraltar, May 27—Special—Camara's fleet, which is coaling at Cadiz, has almost filled its bunkers, and preparations for an early departure are practically completed.

REV. W. H. WOTTON AT GOLF

He Leads the Atlanta Players and Is Lauded By the Press

Janesville golfers have received word from Atlanta that Rev. W. H. Wotton is upholding the honor of the Sinissippi club most faithfully. The Atlanta Constitution announces that the newly organized golf club has one hundred members and says:

"Considering the fact that nearly all of the Atlanta golfers are beginners there are some very fine players in the club. The best player in Atlanta beyond doubt, and one of the best in the country, is Rev. Dr. Wotton, pastor of St. Luke's. He has the remarkable score of forty-four for the nine holes and it is doubtful if there is another player in the country who could make such a score on the links in their crude condition. Dr. Wotton makes the most perfect 'drives,' often going out from the 'teeing' places entirely over the 'greens.' He understands the game thoroughly and having played on some of the best links in the country he may be considered an expert golfer."

ALL THE NEWS OF THE BADGER STATE

W. C. T. U. CONVENTION PRACTICALLY ENDS ITS SESSIONS.

Chippewa Falls, Wis., May 27—The first business of the W. C. T. D., of the Western Methodist Book concern, Chicago, and superintendent of the Wasaca, Minn., and Marinette, Wis., assemblies, will act as superintendent, and the building of a strong programme is now in progress under his direction. LEFT BY A MISER.

Mrs. Armitage Had a Goodly Amount of Money and Jewels.

Fort Atkinson, Wis., May 27—Interest in the estate of Mrs. Armitage, the half insane woman who died last year with only her pet dogs beside her, was renewed by the presence in town yesterday of Judge I. W. Bird, W. S. Henry, M. Beck and Henry Fischer, of Jefferson, to appraise the house and lot left by the woman. Its value was fixed at $900. The collection of jewelry, which included many handsome and quaint pieces, was appraised some days ago. At the time of her death nearly $3,000 were found in a basket near her bed.

Mrs. Armitage was at one time an actress who, by marrying into a proud English family, created so much opposition that she and her husband came to America and finally settled here. They were supported on an annuity, and after her husband's death, about ten years ago, Mrs. Armitage had developed all the habits of a miser, in the end starving to death surrounded by her dogs, her money and her jewels.

State News in Brief

H. A. Tagatz, while cruising in the woods three miles from Beaver, was attacked by an eagle, and after a desperate fight captured the bird, but not until one of its wings had been broken with a club. One of Mr. Tagatz's hands was badly injured by the eagle's talons. The eagle is of the royal type and on exhibition.

John S. Roesler, superintendent of schools of Sauk county for four years, announces himself as a candidate for superintendent of public instruction on the republican state ticket.

The first indication of an adjustment of the Oshkosh woodworkers' strike has come in the announcement that the men and the "bosses" have consented to a conference. This result is due to the intermediation of the state board of arbitration, and both sides have expressly stipulated that their consent to confer shall not be taken as an evidence of weakening.

The date for the celebration of the laying of the corner stone of the state reformatory at Green Bay will be June 22. Gov. Scofield and the members of the state board of control are in favor of this plan and it is proposed to have a celebration that will do credit to the institution and the state.

The body of John Wendelwas found in the river at Appleton Thursday night. He had probably committed suicide about a week ago, as he had come from Tigerton to look for work.

A Superb "War Number."

War news seems to have absorbed pretty much of everything during the past month. "The National Magazine" of Boston for June, responds enthusiastically like a true patriot in response to the public mood, in a special war number. It is altogether a superb effort.

The cover page in national colors represents a timely naval scene. The frontispiece gives a scene on board an American man-of-war, manning a ten inch gun at the battle of Manila. The companion piece is Hunt's famous painting, "The Trumpeter," and these illustrations have an American fervor that stirs the blood.

Popular Approval of the War

The June Atlantic, in its paper on The War with Spain, adverts to one striking fact that shows the unanimity of the nation in the present crisis; that not a single so-called "Peace Meeting" has been held throughout the entire country. One such was attempted at Boston, but its promoters very wisely gave it up before the day appointed for holding it.

Ice cream and velvet sherbet was served both afternoon and evening. Much credit is due to those in charge for their earnest efforts to make the affair a success. The literary and musical program included a recitation by Miss Alice Millar, vocal solos by Mrs. Kremlein and Miss Lee Coon, instrumental solos by a quintette from the cornet band and the following tableaus: "Joan of Arc at the Stake," "Eclipse of the Sun," "The Tempted," "Liberty and her Handmaids," "We're Free," "Gypsy Fortune Teller," "The Soldier's Farewell," "Reveries of a Bachelor," "Morning and Night," and "Court of Civilization," the last being the most pretentious and pleasing while "The Soldier's Farewell" was the most pleasing.

HE SAW AN ACRE OF TEETH

Col. Sells, the Showman, Gives a Reporter a Novel Entertainment

"Come with me," said Col. Lewis Sells, manager of the big Forepaugh-Sells Brothers' tented aggregation, to a Philadelphia Inquirer scribe, during a performance of the recent engagement of the big dual show in the Quaker City.

"Did you ever see an acre of teeth? No? Then I will show you one."

Then Col. Sells led the way up the hippodrome track which surrounds the three rings and elevated stage in the huge circus tent. The performance was going on. Interesting as this bit of pantomime was, it could not compare for picturesqueness with the scene presented on the other side of the ring. There, stretched out upon the hillside of seats was the oft-heard-of "sea of faces." Always rather startling sparkling with thousands of eyes and looking so white by contrast with the darker shades of clothing, now took on an aspect doubly strange. In each face there appeared to be a still whiter streak, a horizontal line, which seemed almost to glitter.

"There," exclaimed Col. Sells, "look at that for an acre of teeth. This is a scene to make a dentist weary, and in the circus is the only place you can find it. Theatre audiences do not grin and show their teeth like that, except up in the gallery, where you can't see them. Walk along over there by the reserved seats and you'll not see any such display as this. The people who sit there don't grin either, or at least don't open their mouths. But even this crowd over here on the general benches is nothing to what you see in the country.

"Look carefully and you'll perceive that not more than one spectator in three is showing his teeth; in the rural districts nine out of ten do, whenever anything really funny is going on in the ring. If I were to go to sleep for six months and you were to take me inside of a circus tent in front of the crowds, I could tell whether we were in a city or in a country town by simply noting the display of teeth along the benches."

THE WAR ON CIGARETTES

It Is To Be Persistently Prosecuted Until the Evil Is Checked.

Recently a committee has been active in looking after violations of the cigarette law passed by the legislature a year ago last winter. Although dealers in cigarettes have been asked to obey the law and to see that it is enforced, the small boys of our city still continue to smoke many cigarettes. Recently a young man purchased some tobacco at a grocery store and with it obtained some cigarette paper. He then passed out of the store and gave the cigarette paper to small boys who were waiting to receive it. These boys immediately rolled some cigarettes and commenced to smoke them.

A warrant was issued for the arrest of the young man, but owing to his repentance and promises to help in the enforcement of the law, the complaint has been withdrawn. It is not the purpose of the committee to embarrass or annoy anyone by the mention of the names, but it is desired that the public may be acquainted with the above facts, in order that dealers in cigarettes, and minors, and all parents, may be aware that it is the purpose of individuals to stop the smoking of the abominable and deadly cigarettes by minors if possible.

YOUNG AT SIXTY.

Serene comfort and happiness in advanced years are realized by comparatively few women.

Their hard lives, their liability to serious troubles on account of their peculiar organism and their profound ignorance concerning themselves, all combine to shorten the period of usefulness and fill their later years with suffering.

Mrs. Pinkham has done much to make women strong. She has given advice to many that has shown them how to guard against disease and retain vigorous health in old age. From every corner of the earth there is constantly coming the most convincing statements from women, showing the efficacy of Lydia E. Pinkham's Vegetable Compound in overcoming female ills. Here is a letter from Mrs. J. C. Orms, of 220 Horner St., Johnstown, Pa., which is earnest and straight to the point:

"DEAR MRS. PINKHAM:—I feel it my duty to tell all suffering women that I think your remedies are wonderful. I had trouble with my head, dizzy spells and hot flashes. Feet and hands were cold, was very nervous, could not sleep well, had kidney trouble, pain in ovaries and congestion of the womb. Since taking your remedies I am better every way. My head trouble is all gone, have no pain in ovaries, and am cured of womb trouble. I can eat and sleep well and am gaining in flesh. I consider your medicine the best to be had for female troubles."

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

Milwaukee Carnival Week.

Carnival week at Milwaukee, June 27 to July 3, will rival the Mardi Gras at New Orleans. Those having the celebration in charge believe that the Wisconsin festivities will even be more attractive than those of the far famed southern city. At New Orleans there are only three evening attractions. At Milwaukee there will be six days and six nights of endless festivities. The grand pageant, illustrating the history of Wisconsin, will consist of twenty floats. These floats are rapidly nearing completion and are said by the contractor, who has devoted his whole life to this business, to be the finest he has ever yet constructed. Low fares on all roads and boats will be given for Carnival week.

Attention, Comrades!

You are hereby reminded that you have a sad and solemn duty to perform in observing Memorial day in a fitting manner, which occurs on Monday, the 30th inst. The proper observance of this, the most sacred day of all national holidays, is and should be the first duty of every surviving comrade. The Relief Corps will assist in the noble work of strewing flowers over the graves of the fallen heroes. A special invitation is hereby extended to the city schools to take part in perpetuating the memory of the departed dead. All patriotic citizens are cordially invited to be present during the ceremonies. Owing to other attractions in the city on that day it has been decided to dispense with the usual exercises at the cemetery except what are contained in the Grand Army ritual. The memorial address will be delivered by the Rev. Walter A. Hall on Sunday the 29th inst., at Court Street church, at 10:30 o'clock a. m., to which all are invited. Comrades will meet at Post hall at 10:15 on Sunday morning and march to the church, and will meet on Monday at 2 o'clock p. m. The procession will leave Post hall quarters at 2:30 o'clock sharp, and proceed without delay to the cemeteries. By order

1564—John Calvin (Jean Chauvin) born; died at Geneva 1509.

1794—Cornelius Vanderbilt, capitalist, born near Stapleton, N. Y.; died in New York Jan. 4, 1877.

1836—Jay Gould, financier, born in Delaware county, N. Y.; died 1892.

1840—Nicolo Paganini, celebrated Italian violinist, died at Nice; born 1784.

1880—The hundredth anniversary of the birth of Thomas Moore, the celebrated Irish poet.

1882—General A. D. Streight, veteran of civil war and hero of escape from Libby prison, died in Indianapolis; born 1820. Colonel Streight's command was captured by Forrest while raiding inside the Confederate lines.

1896—Southern Illinois and eastern Missouri devastated by a terrible tornado. In St. Louis the damage amounted to over $10,000,000; 321 buildings were totally destroyed and 7,312 severely damaged; deaths in St. Louis alone, 427.

THE WOMAN IN THE CASE.

The Chicago Tribune comments on the course that led to the Hon. Joseph Chamberlain's speech in favor of an Anglo-American alliance as follows.

"Cherchez la femme. Certainly Joseph Chamberlain knew what he was talking about when he recommended an Anglo-American alliance. Had he not sampled the goods himself and found them, so to speak, all wool and a yard wide? Had he not contracted an Anglo-American alliance of a sort so powerful that it even prevailed upon him to give up wearing his famous monicle? In looking for the motives of the Birmingham speech that has stirred all Europe, some of us seem to have forgotton that there is a woman at the bottom of all great events, and that there is a Boston woman from whom Mr Chamberlain must have got his inspiration for his noted utterances Why, course it was this daughter of the Puritan fathers—Mary Endicott that was, Mrs. Joseph Chamberlain, that is—who set all the monarchs of Europe quaking on their gilded thrones. She is one of the most independent and talked of women in English high society today. No doubt she told Joseph what to do and Joseph naturally and promptly did it. Which only demonstrates more clearly that Mr. Chamberlain knew what he was talking about when he said an Anglo-American alliance was a powerful combination."

MR. HALL'S BAD BREAK.

Hall Caused It All

Milwaukee Evening Wisconsin—Assemblyman Hall has a perfect right to oppose the renomination of Gov. Scofield, but he has no right to seek to influence the action of other republicans on that subject by utterances which are not in accordance with the facts. It is especially uncandid for Assembly Hall to seek to load the governor with the responsibility for the failure to place upon the statute books of Wisconsin a law taxing express, palace and sleeping car companies. The man responsible for that failure is not Gov. Scofield, but Assemblyman Hall himself.

A Harmless Attack

Delavan Republican—A. R. Hall, of anti-pass notoriety, publishes a letter in the Milwaukee Sentinel, in which he makes a lively but harmless attack on Gov. Scofield. He bases his objection to Mr. Scofield's renomination on the anti-pass legislation.

Loses All Influence.

Marinette Eagle—Assemblyman Hall, whom the LaFollette machine has been grooming as a possible candidate for governor, has been making a sorry spectacle of himself. In a long communication to the Milwaukee Sentinel he attacked Governor Scofield and his record on some points on which he himself is very vulnerable, and made the charge that the governor sent his cow to Madison on an express frank the basis of the most of his article, repeating the charge several times. As was to be expected, the charge was without foundation, the governor having a receipt to show payment for the transportation. If Hall and his followers had any show of controlling the state convention, they have destroyed their influence by this ill-advised action.

Should Defeat Hall.

Fond du Lac Commonwealth—Assemblyman A. R. Hall, of Dunn county, who, as a rule, is the most conspicuous figure in the legislature, writes to The Sentinel that he will oppose Governor Scofield's renomination. One of the reasons on which he bases his opposition is that the governor did not do his duty in regard to the proposed tax on express, palace and sleeping cars, which came up before the legislature last year. If Mr. Hall would consider the beam in his own eye, in regard to that certain tax question, he would probably show cause why he should not be renominated for the assembly.

People who complain because Sampson does not find the enemy, should remember that Lord Nelson was three months in finding the French fleet in the Mediterranean Sea and winning his world-famous victory.

The newspaper announcements concerning the Oregon would remind one of Mr. Finnegan, the Irish section boss who had charge of a section where cars were frequently derailed. Finnegan's reports of these minor accidents were frequent and lengthy, so Mr. Donnegan, the manager, asked him to make them short. Finnegan's next report read:

Donnegan—Off again. On again. Gone again. FINNEGAN.

RECRUIT—The name "Kragg-Jorgenson rifle" is not applied to the new infantry arm for the purpose of misleading the enemy. Mr. Kragg and Mr. Jorgenson were the two noted Irishmen who jointly invented the arm.

Now that Sampson and Schley have cornered the Spanish fleet, they will doubtless be careful not to batter the boats much as Uncle Sam can use them after hunger compels Admiral Cervera to surrender.

The monitor Monterey cannot reach Manilla without coaling at Honolulu. There is a lesson in this fact that should not be ignored.

The common council has taken a step in the direction of better streets by adopting the plan to be followed in macadamizing.

Mr. Hall has not yet informed an anxiously waiting world, whether or not he is opposed to allowing a man to travel on a tie-pass.

The correspondents who hear the "heavy firing" o'nights, are the same men who see the Oregon so often o' days.

Perhaps the Spaniards do not want to fight the American fleet for fear the grape shot will cause appendicitis.

Grapevine bulletins are as unreliable as grapevine dispatches these days.

LOCAL MEN FOR CUBA

They Will Go With Fitzhugh Lee.

TO SEE ACTIVE SERVICE SOON.

Will Be Put In the Seventh Army Corps.

ALL TROOPS AT JACKSONVILLE ARE INCLUDED.

All the Soldiers At Both Florida Cities Will, It Is Thought, Be Moved With the First Lot Who Leave For the Island—Boys Are All In Good Health—Additional Tents Are Ordered—The Second Call.

Janesville's soldiers will probably go to Cuba, with General Fitzhugh Lee.

A Tampa dispatch says:

Tampa, Fla, May 26—The formation of all the regular and volunteer troops massed in Florida into corps, divisions and brigades was completed today in a general order issued by Maj-Gen. Shafter, commanding the Fifth army corps.

The Fifth corps, which will probably be the first to land on Cuban soil, is made up entirely of regular troops with the exception of two regiments of volunteers at Lakeland, the Seventy-first New York and Second Massachusetts. This corps also embraces the cavalry division composed of the First and Tenth regiments at Lakeland and the Third, Sixth and Ninth at Tampa under command of Maj.-Gen. Joseph Wheeler; the artillery brigade under command of Lieut.-Col. W. F. Randolph, and the signal corps, in all nearly 18,000 men.

The Seventh corps, under command of Maj.-Gen. Fitzhugh Lee embraces all the volunteer troops at Tampa, five regiments, and the troops at Jacksonville, or between 8,000 and 9,000 men.

Boys Are All Well

The Wisconsin soldiers at Jacksonville are all enjoying excellent health. Yesterday afternoon Gov. Scofield received the following telegram from Gen Boardman:

Jacksonville, Fla., May 26—Governor Scofield, Madison, Wis.: I find the First well located and men in good spirits and health; no sick in hospital. Colonel Schadel is unwell, but not thought serious. Have bought cots and supplies for hospital. Two more tents are needed for hospital use. Would advise you to express two twelve by fourteen tents for this purpose.

BOARDMAN.

Immediately upon receiving the dispatch two tents were ordered sent at once, and they will probably be at Jacksonville in a day or two. This afternoon the following dispatch was received by Gov. Scofield from Adjt. Gen. Corbin of the United States army:

Regarding Seniority.

Washington, D. C., May 26—Governor of Wisconsin, Madison, Wis.: Secretary of war has decided that volunteer officers of same grade rank according to date of muster into United States service. Where commissions of such officers bear same date, relative rank is determined by previous length of United States military service under commission and in absence of such service by lot. Secretary considers it very desirable that commissions bear same date as muster into service. H. C. CORBIN, Adjutant General.

This rule as to seniority will not effect the colonies now in the field, as they were mustered into the United States service in the order of their seniority. In case the Fourth regiment is called out under the new call this rule will make Col. Seaman of that regiment the senior of the other commanding officers whose regiments are raised under the second call.

Asst. Adj. Gen. Patton said that over sixty applications had been received during the last few days from volunteer companies in various towns of the state for service. Besides these applications from companies, a large number of individuals have offered their services.

Command for Boardman.

Madison, Wis., May 26.—No official news of the new call for troops has reached the executive office, but is expected to in a few days. One of the most important facts about the new call is that it means a command for Adjt. Gen. Boardman, who is at present in Jacksonville, Fla., looking after the First regiment. When Gen. Boardman waived his chances in favor of Gen. Charles King for a brigade in the volunteer service, he said that he would ask for the command of a regiment in case there came a second call, and there is little doubt that Gov. Scofield will appoint him to command one of the regiments which will be raised. Gen. Boardman is recognized as one of the best men Gov. Scofield could select to command a regiment, and his record in the adjutant general's office is looked on as excellent.

Word was received here today that Gen Boardman would be back in Madison in a day or two. He intended to stay in Jacksonville and Chickamauga about two weeks, but the new call has made his presence here necessary.

Fourth Men Happy

Milwaukee, Wis., May 26—[Special]—Governor Scofield was here today and sent a thrill of joy through the breasts of the National Guard by announcing that he would call on the four companies of the Fourth Regiment first when he called for volunteers to meet the call. He also announced that the field and staff officers of the Fourth Regiment would be commissioner if they so desired and that the Fourth would remain intact.

The governor has been swamped with applications from all parts of the state for commissions to recruit companies. In nearly all cases provisional companies have been organized and they want an opportunity to volunteer as a body. The governor will do nothing until he receives official instructions.

The state is now without any tentage, as all it had is with the troops in the south. It is proposed to build barracks at Camp Douglas in which to quarter the second volunteers.

Capt. Buck, who mustered in the first Wisconsin troops, is still here and will probably be detailed to do the mustering in of the second batch.

VETERANS CLOSE THEIR BUSINESS

END OF THE STATE ENCAMPMENT G. A. R. AT APPLETON.

Charles H. Russell, of Berlin, Chosen Commander—Gov. Scofield Talks to the Boys—Auxiliary Societies Transact Business and Adjourn to Meet At Milwaukee Next Year.

Milton

Appleton, May 27—The G. A. R. encampment came to a close last evening. There were several surprises, one of them the unanimous reelection of J. H. Woodworth, of Milwaukee, and A. J. Smith, of Amherst, as trustees of the Wisconsin Veterans' Home at Waupaca. It was expected that there would be considerable objection raised to the adoption of the suggestion of Colonel Gray that the precedent established be broken this spring by the reelection of trustees of the home. When the vote was taken, however, there was not a dissenting vote to the election of the two for another term.

Russell For Commander

Early in the morning it was said that the contest for department commandership centered between Messrs. James and Ivey, but on the second ballot Charles H. Russell, of Berlin, was elected and the selection was made unanimous. William Wilson received by acclamation the senior vice-commandership, and Mr. Agen, of West Superior, the junior vice-commandership. The medical director will be J. C. Noyes, of Oshkosh, and the chaplain J. H. Sanborn, of De Pere. The Council of Administration is: F. A. Copeland, La Crosse; J. W. Bruce, Merrill; J. W. Hudson, Madison; F. A. Anson, Milwaukee; Steven Thomas, Hardville. J. W. Thomas, of Chippewa Falls, was elected trustee of the department for three years.

The delegates to the national encampment are as follows: Representatives at large, John M. Baer, Appleton; alternate, H. C. Putnam, Brodhead.; delegate for the state, George A. Sutherland, Clintonville; alternate, E. W. Keyes, Madison; First district, H. J. Smith, of Delavan; Second district, George E. Bryant, La Crosse; Third district, C. E. Morley, Madison; Fourth district, Louis Sholes and alternate Henry Hase, of Milwaukee; Fifth district, W. M. Root, Sheboygan; Sixth district, Robert Brand, Oshkosh; Seventh district, W. C. Gerrard, La Crosse; Eighth district, D. E. Ensign, Weyauwega; Ninth district, J. A. D. Levy, Oconto; Tenth district, R. Stiles, Chippewa Falls.

In the afternoon the new department commander announced that the new adjutant general would be A. L. Tucker, of Berlin and the chief-of-staff, J. E. Jones, of Kilbourn. Mr. Tucker refusing to accept Z. C. Hamilton, also of Berlin, was appointed.

Governor Scofield Speaks.

During the morning Governor Scofield was introduced, and as it was expressed by one of the delegates, the reception he was given showed conclusively that the encampment did not take any stock in the Jersey cow agitation against the governor. He was given a most rousing welcome by his comrades.

Milwaukee was chosen for the encampment of next year almost without opposition. West Superior put in a plea for the meeting, but the votes of twenty-five members of E. B. Wolcott post proved to be too much of a load to be overcome, and there was little opposition to the choice of the metropolis when a vote was taken.

After installing the officers the encampment adjourned.

Relief Corps Officers

The Woman's Relief corps was in session through the day at the Congregational church and elected the following officers:

Department President—Mrs. J. M. Baer, Appleton.

Senior Vice President—Mrs. Duncan McGregor, Platteville.

Junior Vice Commander—Mrs. Ione D. Bentley, Milwaukee.

Treasurer—Miss E. Skeel.

Executive Board—Mrs. I. F. Withers, Eau Claire; Mrs. Myra Grinnell, Beloit; Mrs K. K. Bleyer, Milwaukee; Mrs. Helen H. Charlton, Milwaukee; Mrs. Anna Smith, Madison.

Mrs. Withers' term as department president has been unusually successful.

Sons of Veterans Officers.

The Sons of Veterans elected the following officers: Colonel, R. M. Smith, Marinette; senior vice-commander, A. G. Brand, Milwaukee; junior vice-commander, O. J. Augustine, Menasha; division council, P. S. Webster, L. H. Fisher, Racine; G. A. Geisler, Sheboygan. The delegates to the national meeting were Dr. F. H. McDowell, Fond du Lac, and Prof. J. T. Ames, Appleton.

The closing meetings of the 1898 encampment were held in the evening and consisted of a final campfire.

SEE the line of new shirt waists we are selling at 10, 20, 47, 75, $1 and $1.25. T. P. Burns.

DID you get a pair of our $2 85 shoes last Saturday? If not, come tomorrow. We will show you the fullest line for that price you ever saw. Amos Rehberg & Co., the shoe hustlers.

The old time large profits on shoes may be adhered to still by shoe concerns but not here; heavy selling and small margins makes life and business, these are our methods. Brown Bros.

TOMORROW is the day we expect to give you another big bargain in footwear. We are going to cut everything in the store and give you the benefit. Amos Rehberg & Co.

JUNIORS WILL PLAY HAMLET

Ambitious Undertaking of the High School Junior Class.

When the first Junior play was successfully presented three years ago by the class of '96 of the Janesville High school, much surprise was expressed that the class had the ability to handle so difficult a problem as a Shakesperian play. When the present Senior class rendered "The Merchant of Venice" so successfully, the surprise was even greater, and public confidence in the ability of the pupils was visibly increased. It is now proposed to produce an even more ambitious play. "Hamlet" has been in rehearsal for several weeks past, and the members of the class are all well up in their parts and have costumed the characters most artistically.

The Junior class began the study of Hamlet with the beginning of the winter term, in the first week of January, and they have studied it constantly up to about three weeks ago. The class has spent four or five days a week with Mrs. Day, for the past twelve weeks. During the month of May two or three evenings a week have also been devoted to practicing.

The opera house has been used in the afternoon about twice a week. Costumes have been ordered from Chicago, and will arrive in time to permit of two dress rehearsals. In fact no effort and no expense have been spared to make the rendition of this play a success. The following will be the cast:

Hamlet	Levi Ross
Horatio	Henry Carpenter
King	Don Holloway
Queen	Amy Woodruff
Polonius	Charles Woodstock
Laertes	Ray Owen
Ophelia	Emma Rowe
Rosenkrantz	Clarence Smith
Guildenstern	Elmer Clark

AUSTIN DROWNED AT JACKSONVILLE

ROCK COUNTY VOLUNTEER LOSES HIS LIFE.

Formerly Resided In This City, Where He Has Many Friends—Tried to Enlist In Local Company—Went South As a Member of the Fort Atkinson Company.

Nathaniel Austin, son of Mr. and Mrs. William Austin, of Evansville, and a former resident of this city, was accidently drowned this morning while in bathing at Jacksonville, Florida. A telegram received in the city this morning conveyed the sad news to local friends.

Deceased, although a resident of Evansville of late years, was well known in this city, where for two years he was employed at Dr. E. D. Roberts' veterinary hospital.

He Was Patriotic

When the war broke out Austin and several of his companions were at once struck with the fever and they lost no time in coming to Janesville, where they made application to Captain Hanson for enlistment in Co. A. At that time the ranks of the local company were all filled and Austin for this reason was obliged to give up the idea of becoming a member of the Light Infantry. Not in the least discouraged over his failure to enlist here he took the first train to Beloit, where he renewed his efforts for enlistment by making an urgent request to Captain Rogers to take him in as a member of Co. E. The ranks of the Line City company were filled at that time and here Austin again failed for reasons the same.

Success at Last

By this time the different state companies were being conveyed to Camp Harvey and Austin, being determined to become a soldier, went along and was soon making urgent requests of the different captains. The ranks of the Fort Atkinson company, which was then in camp, showed a vacancy one day, and Austin after easily passing the physical examination, was sworn in as a full fledged private. He was an excellent soldier, and no one in the company had more friends. When the members were sworn into the regular army and left for Jacksonville, Austin was among the happiest boys in the company.

William Austin, father of the deceased, is numbered among the most respected residents of the Out Off city, he having frequently held public office.

Deceased was about twenty-two years of age, and to the bereaved parents will be extended the sympathy of a host of friends in this their hour of sorrow.

No definite details have as yet been received for the burial, but it is thought the remains will be brought to Evansville for interment.

ARE ALL WATCHING SPAIN.

European Powers Look After Their Interests.

MAY CEDE HER TERRITORY,

Possibility That the Spaniards May Trade Off Port Mahon for French Aid --Further Rumors of European Intervention.

London, May 27.—The government authorities are watching Spain's obvious intention to grant to France the permanent free use of Ceuta, and the Russian government is exercising vigilance in regard to Port Mahon, Minorca.

This action is taken by Spain manifestly with the object of securing the support of France when negotiations for peace between Spain and the United States take place, with a view of retaining the Philippines.

Great Britain is prepared to resort to the utmost means to prevent France from obtaining possession of Ceuta.

The Manchester Guardian publishes the following as the result of official inquiries:

"With the United States possessing the chief harbor of the Philippines by right of conquest, it would be an act of war for France to seek to carry out a transfer of territory.

"Nobody believes in the existence of an arrangement, but when the United States possesses the islands of Luzon and Cuba, in the autumn, certain European powers may be expected to claim a share in shaping the future of the Philippines."

The Star claims to have authentic information that M. Hanotaux, the French minister of foreign affairs, is making extraordinary efforts to organize European intervention to stop the war between the United States and Spain.

That paper alleges that France, Austria and Russia are endeavoring to induce Germany and Italy to join them in a united representation to President McKinley, declaring that the powers named will induce Spain to grant the independence of Cuba.

Should the United States refuse to recognize the right of Europe to intervene, it is stated that the powers mentioned will send their fleets to put Cuba under international rule, as was done in the case of Crete, until the withdrawal of the Spanish forces and the establishment of a regular local government. The powers will attempt to justify such intervention on the ground that a continuance of the war threatens the general peace of Europe.

While the Star's statements are not taken very seriously, it is pointed out that President McKinley's determination to call out 75,000 more men, which is stated in Washington advices to have been made somewhat suddenly, may have been based on information of such a movement among the continental powers of Europe.

It is, of course, out of the question that Great Britain should be a party to any such meddling scheme, which would be sure to be most offensive to the United States, and it is hardly believed that Russia will allow France to drag her into any such undertaking. The basis of such a movement is considered to be France, with the good will of Austria, as shown by the reported dispatch of two Austrian cruisers to the West Indies. Italy would not join unless Germany agreed.

TALKING AT WINONA.

Day of Brilliant Addresses by Eminent Presbyterians.

Winona Lake, Ind., May 27.—Thursday was a day of speechmaking in the assembly. The regular business of the assembly was postponed, and all three sessions of the day were devoted to the celebration of the two hundred and fiftieth anniversary of the Westminster standards. This is the one greatest event in the history of the Presbyterian church, and it was fittingly celebrated today.

Elaborate preparations had been made under the direction of a committee, and in the list of speakers were many of the best known men of the church. On the program for the morning meeting were the names of Dr. W. C. Gray of Chicago, Rev. William Henry Roberts of Philadelphia, Rev. Samuel J. Niccolls, D. D., of St. Louis, Rev. George Norcross, D. D., and Rev. J. D. Moffat, D. D., of Pennsylvania.

Rev. Sheldon Jackson, chairman of the meeting, introduced Rev. Samuel J. Niccolls of St. Louis, Mo., who spoke on the subject of "The Civil and Religious Conditions of the Times of the Westminster Assembly." He reviewed the unsettled condition of things, both in civil and in religious circles, 250 years ago, when the Westminster assembly was in session. Rev. George Norcross followed in an address on "The Story of Westminster Assembly." In a graphic and forcible manner he told of the history of the great assembly, its members, its actions, and the circumstances under which it was held. The morning program was closed by Rev. J. O. Moffat of Pennsylvania, who spoke on "The Fundamental Doctrines of the Westminster Confession and Catechisms."

Before the addresses were begun a short devotional service was held, in which Rev. Joseph B. Turner of Delaware, Rev. Samuel S. Gilson of Pittsburg, Pa., Rev. John Hemphill of San Francisco, Cal., and Rev. David W. Fales of Independence, Iowa, took part.

Frankfort, Ky., May 27.—Governor Bradley has commissioned Congressman D. G. Colson of the eleventh Kentucky district as the colonel to raise two regiments of volunteers for Kentucky.

LAST VIEW OF GLADSTONE.

Vast Crowds File Past the Great Man' Coffin at Westminster.

London, May 27.—Remarkably impressive scenes have been witnessed at Westminster since 2 o'clock Thursday morning, when the arrivals began of those anxious to view the remains of Mr. Gladstone. The line formed was continually augmented by all classes of people, from peers, peeresses, cabinet ministers, members of the house of commons, military and naval officers and clergymen to costermongers, old and young, until at 6 o'clock, when the door was opened, the procession began to stream past the catafalque. The latter had lighted candles at each corner and a large gilt cross at its head.

By 10 o'clock it was computed that 100 persons to the minute were passing the body, and at noon over 40,000 people had already taken a last glance at the remains of the great statesman.

Sir William Vernon Harcourt, the Liberal leader in the house of commons, who arrived at noon, was greatly moved.

As the afternoon advanced the unending stream lengthened. About 2,000 policemen were engaged in guiding the people, and by 3 o'clock 75,000 people had passed the coffin.

Vote on Revenue Bill Today.

Washington, May 27.—In a long session Thursday the house passed few bills, but the discussion involved a wide range of subjects. After a brush over civil service, brought on by a paragraph in the deficiency pension bill, providing for some temporary clerks in the war department, the house considering a bill to amend the internal revenue laws, listened to lengthy speeches from Mr. Shafroth (Col.) and Mr. Grow (Pa.) upon the free coinage of silver and greenbacks as legal tender respectively. Pending a yea and nay vote upon the internal revenue bill, the house adjourned. The vote will be taken today.

To Help the Colored Race.

Atlanta, Ga., May 27.—The third annual conference of the series instituted for the scientific investigation of the negro problem, attended by many prominent colored educators from various parts of the country, adopted resolutions looking to reforms in conducting churches, negro secret societies, small beneficial societies, death benefit societies, and suggesting that co-operative business efforts among negroes be encouraged. The conference states its opinion that the excess of the negro over the white death rate is gradually diminishing.

Want Volunteers at Springfield.

Springfield, Ill., May 27.—A large delegation of Springfield citizens called on Gov. Tanner this morning and urged that the volunteer troops under the presidents second call be rendezvoused at Camp Tanner in this city. In an interview the governor intimated that the troops might be rendezvoused in localities where regiments were raised. Gov. Tanner informed his callers that he was awaiting instructions from Washington and was uninformed himself in regard to places for recruiting or rendezvousing.

Elects W. C. T. U. Officers.

Saginaw, Mich., May 27.—The closing session of the state convention of the W. C. T. U. was held Thursday. The annual election resulted as follows: Mrs. A. S. Benjamin, Portland, president; Mrs. Carrie G. Faxon, West Bay City, vice president at large; Mrs. Julia R. Parish, Bay City, corresponding secretary; Mrs. C. H. Johnson, Flint, recording secretary; Mrs. Jennie Voorhies, Ann Arbor, treasurer.

Bandits Kill Three Officers.

Santa Fe, N. M., May 27.—A bloody battle occurred at the camp of the two bandits who held up the Santa Fe west-bound express near Albuquerque on Tuesday last. A special from Albuquerque says Under Sheriff Frank Vigil, Deputy Sheriff Gustametta and an Indian scout were shot dead by the desperadoes. Both bandits escaped without their horses. One was wounded.

Baptist Brethren in Camp.

Naperville, Ill., May 27.—Delegates from nineteen different states and Oklahoma territory are now in attendance at the annual conference of the German Baptist Brethren church at Burlington park. Six hundred tents have been put up to accommodate those who prefer to stay upon the grounds.

To Extend the Franchise.

Yokohama, May 27.—Marquis Ito, the premier, has introduced in the imperial diet a bill lowering the standard of franchise and increasing the number of voters fivefold. The effect of the measure also would be to increase the members of the house from 300 to 472.

Continuing, the dispatch says: "The defeat of the Spanish fleet, which the best informed people regard as only a question of a few days, is bound to precipitate an outbreak."
